

humans *of* aged care

SMALL MOMENTS, BIG IMPACT

Aged care isn't one job.

It's nurses and hairdressers,
drivers and diversional therapists,
volunteers and CEOs – hundreds
of roles, all part of the same story.

Ageing Australia, in partnership with HESTA, invites you to enter Ageing Australia's Humans of Aged Care, a national photo competition celebrating the everyday moments in the life of those working in the aged care sector – and the extraordinary range of people who choose this career.
